The following is a statement of reasons for the indication of allowable subject matter: the relevant prior art of record does not teach or reasonably suggest the specific polyimide *optical* material comprising *heterocyclic* polyimide with the specific formula comprising (1)-(3) (claim 1). The closest prior art of record as listed in the IDS filed October 15, 2003 does not teach or reasonably suggest the specific polyimide as formed by the sole independent claim 1. The prior art comprises other polymers than the polyimides of the current application.
